

MADE FROM 100%
RECYCLED MATERIALS

Champion E-Series Modular Panel

Built on the proven design of our legacy Champion panel, the new Champion E-Series delivers the same trusted strength, safety, and performance—now made with recycled resin for a smarter, more sustainable choice. Featuring the identical footprint and interlocking system as the original, the E-Series maintains a low 3/4-inch profile while offering outstanding durability at a lower cost. It's the same Champion quality—engineered for value and built for the future.

	Dimensions	30" x 30" x .75" (5.5 lbs.) 5.44 sq. ft. Usable Dims: 28" x 28" x .75"
	GMAX	119
	Vertical Drainage	1582 inches per hour
	Horizontal Drainage	126 inches per hr
	Load Capacity	Exceeds 370 lbs. per sq. in
	Storage Capacity	1.85 gallons
	Do It Yourself	Quick install in hours not days.
	Construction	.75 inch high panel with drainage holes and patented turf bars.
	Recyclable	Made from 100% recycled material and recyclable.
	Warranty	Limited Lifetime Warranty

Maximum Drainage

Permeable Design allows for moisture to drain meeting most county codes of ordinance

Economical Choice

Most cost effective option compared to pouring concrete

Portable

Modular design allows panels to be moved after installation
