

PLAYERS SERIES PUTTING GREEN KITS

THE CAROLINA

Perfect your short game with the advanced Players Series modular putting greens, exclusively from XGrass. Constructed with interlocking base panels and surfaced using Tour quality Putting and Fringe turf, these greens are designed by industry experts for serious golfers. The Players Series system gives you the professionally installed look and performance without the disruption and cost of a full construction project. These innovative putting green systems are easily installed in a few hours and can be moved when needed.

Warranty: 5 Years (Turf & Panels); 1 Year (Accessories)

What's Included: Geotextile Fabric, Players Series Base System, Putting Turf, Fringe Turf, (2) 4" Aluminum Cups, (2) Premium Ball Retriever Flags

QUICK INSTALL

STEP 1

Select or prepare a relatively flat location (no more than 3% slope), utilize compacted stone dust as needed, and install geotextile fabric.

STEP 2

Assemble the Players Series Panel System, placing the pre-drilled cup panels where you would like your hole locations.

STEP 3

Install the cup systems, pre-cut turf and fringe, cut the holes and place flags.
